The Mayo Clinic Plan: Chapter 7 Stay Connected – Attitude

Negative Thought I've never done it before. It's too complicated. I don't have the resources. There's not enough time. There's no way it'll work. I don't have the expertise. It's too radical a change.	Positive Thought I can learn something new. Let's look at it from a different angle. Necessity is the mother of invention I'll re-evaluate some priorities. How can I make it work? I'll find people who can help me. Let's take a chance.
